

## Commitment to Grant Credit

### To the student:

If you plan to transfer your Olympus High School credits to another high school for completion of your diploma, it is recommended that you print this form and have it signed by your principal or school official. For their review, you also should attach a document showing each course description. This information is available by viewing the High School Course Catalog (<http://www.olympushighschool.net/Academic-Options/High-School-Course-Catalog.aspx>) and/or Dual-Credit Course Catalog (<http://www.olympushighschool.net/Academic-Options/Dual-Credit-Course-Catalog.aspx>).

This form is for your purposes only and is not a contract or in any way a representation by Olympus High School that courses can or will be granted credit by your local school. You should retain the signed form for your records.

### To the school official:

The student presenting you with this form is considering taking a course(s) through Olympus High School. The student is requesting a commitment that you and your school agree to accept these credits toward the student's graduation requirements if the student completes the course(s) and is awarded credits through an official Olympus High School transcript.

This form provides information about our school and our accreditation status. The student also should have attached each course description. You can find information on the national standards used as guidelines in the creation of our courses by visiting [www.mcrel.org/standards](http://www.mcrel.org/standards).

Applicants to Olympus High School are encouraged to pursue this permission prior to taking any course(s) they wish to transfer to another academic institution. If you have questions, please do not hesitate to contact me.
